DÉCOUVREZ LE NOUVEAU CATALOGUE BATH BAZAAR, SPÉCIALEMENT CONÇU POUR LES PROFESSIONNELS.

Née en 1996 dans le quartier de La Madeleine, au cœur de Paris, berceau de l'esthétisme et de l'art de vivre, Bath Bazaar a révolutionné l'univers de la salle de bain. Portée par la vision audacieuse de son fondateur, la marque a créé une véritable rupture en introduisant des gammes d'accessoires chromés, inspirées des codes de l'orfèvrerie. Cette dimension esthétique inédite allait bien au-delà des approches alors dominées par les standards utilitaires du métier. En réinventant cet univers, Bath Bazaar a séduit une clientèle exigeante, sensible à la qualité et au style.

Au cœur de chaque collection, une équipe passionnée partage une vision commune : concevoir des objets fonctionnels empreints de minimalisme, d'élégance et d'intemporalité. Nos designers puisent leur inspiration dans l'alliance de la pureté des lignes et de la noblesse des matériaux.

Chaque produit Bath Bazaar se distingue par une esthétique épurée qui traverse les modes, en résonance avec les valeurs de durabilité qui nous animent. Nos créations s'adaptent ainsi aux exigences des hôtels et établissements prestigieux, offrant une expérience unique à vos clients.

Depuis trois décennies, Bath Bazaar poursuit son développement, avec une clientèle toujours plus diversifiée et des points de vente en constante augmentation. Cette croissance témoigne de la confiance que vous, professionnels de l'hospitalité, placez en nous, notre marque et nos valeurs.

Laissez-nous révéler vos projets grâce à notre passion pour l'excellence, notre sens de l'esthétique et notre engagement pour des produits d'exception.

Bienvenue dans l'univers Bath Bazaar !

134	XVI - Pièces détachées

Matériaux et finitions

Le sens de l'excellence et l'exigence de la qualité

Notre vision : proposer des accessoires de salle de bain de qualité, qui restent beaux dans le temps. Ainsi, nous portons une attention constante au choix de matériaux nobles et durables : laiton, inox, marbre, coton organique, lin. Chaque design est étudié, les finitions particulièrement soignées, afin d'offrir une expérience client unique.

Inox

L'inox, matériau moderne et intemporel, séduit par son élégance minimaliste et la variété de ses finitions, qu'elles soient brillantes, satinées ou brossées. Nous avons choisi l'inox 304 pour son excellente résistance à la corrosion : ainsi nos produits sont durables même dans des conditions d'utilisation exigeantes. Facile à entretenir, l'inox possède une surface non poreuse inhibant la prolifération bactérienne.

Laiton

Le laiton, alliage noble de cuivre et de zinc, est traditionnellement utilisé dans la robinetterie pour sa robustesse et sa résistance à la corrosion. Durable et élégant, il offre une finition raffinée, idéale pour des accessoires de salle de bain alliant esthétique et longévité.

Marbre

Synonyme de raffinement et d'élégance, le marbre est un classique toujours très tendance en décoration de salle de bain. Pierre naturelle, son veinage et ses variations de couleur en font une matière précieuse, tandis que le travail artisanal garantit des pièces uniques et intemporelles.

Coton biologique

Grace à ses fibres biologiques, le coton de notre gamme éponge est plus durable que le coton conventionnel. Très doux et hypoallergénique, il est idéal pour les peaux sensibles. Prêlavé, il conserve ses couleurs d'origine. Cultivé sans pesticide ni engrais chimique, il est certifié Eco label GOTS (Global Organic Textile Standard).

Coton égyptien

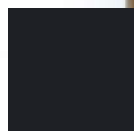

Reconnu pour sa douceur exceptionnelle, le coton égyptien garantit un confort qui répond aux standards les plus exigeants. Hautement absorbant et durable grâce à ses fibres longues, il assure une résistance sur le long terme même en usage quotidien.

Lin

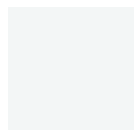

Matière naturelle végétale, le lin est naturellement antibactérien et hypoallergénique. Ses fibres sont parmi les plus résistantes, ce qui assure une longue durée de vie des produits. Ecologique, sa production nécessite peu d'eau et de produits chimiques.

Textilène

Le tissage chiné du textilène apporte de la texture et une touche contemporaine à votre espace. Imperméable à l'eau et l'humidité de la salle de bain, il est à la fois léger et résistant à l'usure. De plus, il est facile à nettoyer, sèche rapidement, est à la fois anti-moisissures et antitaches.
